| 2. Hazard(s) identification       | 1                           |
| Physical hazards                  | Not classified.             |
| Health hazards                    | Not classified.             |
| Environmental hazards             | Not classified.             |
| OSHA defined hazards              | Not classified.             |
| Label elements                    |                             |
| Hazard symbol                     | None.                       |
| Signal word                       | None.                       |
| Hazard statement                  | Not available.              |
| Precautionary statement           |                             |
| Prevention                        | Not available.              |
| Response                          | Not available.              |
| Storage                           | Not available.              |
|                                   |                             |

Hazard(s) not otherwise Potential routes of overexposure to this product are skin and eye contact.. Inhalation of vapor and classified (HNOC) ingestion are not expected to be significant routes of exposure for this product under normal use conditions. Complete toxicity data are not available for this specific formulation...

Disposal

Supplemental information This product is not classified as hazardous according to OSHA CFR 1910.1200 (HazCom 2012).

### 3. Composition/information on ingredients

Not available.

#### **Mixtures**

| Chemical name                    | Common name and synonyms | CAS number   | %     |
|----------------------------------|--------------------------|--------------|-------|
| Water                            |                          | 7732-18-5    | 70-80 |
| 1-(2-hydroxyethyl)-2-pyrrolidone |                          | 3445-11-2    | <10   |
| 2-pyrrolidone                    |                          | 616-45-5     | <5    |
| Cyan dye*                        |                          | Proprietary* | <5    |

| Composition comments                                     | This ink supply contains an aqueous ink formulation.<br>This product has been evaluated using criteria specified in 29 CFR 1910.1200 (Hazard<br>Communication Standard).                        |
|--|---|
| 4. First-aid measures                                    |   |
| Inhalation   | Move to fresh air. If symptoms persist, get medical attention.  |
| Skin contact   | Wash affected areas thoroughly with mild soap and water. If irritation persists get medical attention.  |
| Eye contact  | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |
| Ingestion  | If ingestion of a large amount does occur, seek medical attention.  |
| Most important<br>symptoms/effects, acute and<br>delayed | Not available.  |

# 5. Fire-fighting measures

| Suitable extinguishing media  | CO2, water, dry chemical, or foam   |  |
|---|---|--|
| Unsuitable extinguishing<br>media   | None known.   |  |
| Specific hazards arising from the chemical                                | None known.   |  |
| Special protective equipment and precautions for firefighters             | Not available.  |  |
| Specific methods  | None established.   |  |
| 6. Accidental release measures  |   |  |
| Personal precautions,<br>protective equipment and<br>emergency procedures | Wear appropriate personal protective equipment.   |  |
| Methods and materials for<br>containment and cleaning up                  | Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps. |  |
| Environmental precautions   | Do not let product enter drains. Do not flush into surface water or sanitary sewer system.  |  |

# 7. Handling and storage

| Precautions for safe handling   | Avoid contact with skin, eyes and clothing.                               |
|---------------------------------|---|
| Conditions for safe storage,    | Keep out of the reach of children. Keep away from excessive heat or cold. |
| including any incompatibilities |   |

# 8. Exposure controls/personal protection

| Biological limit values<br>Exposure guidelines | No biological exposure limits noted for the ingredient(s).<br>Exposure limits have not been established for this product. |
|--|---|
| Appropriate engineering controls               | Use in a well ventilated area.  |
| Individual protection measures                 | such as personal protective equipment   |
| Eye/face protection                            | Not available.  |
| Skin protection                                |   |
| Hand protection                                | Not available.  |
| Other  | Not available.  |
| <b>Respiratory protection</b>                  | Not available.  |
| Thermal hazards                                | Not available.  |
| General hygiene<br>considerations              | Handle in accordance with good industrial hygiene and safety practice.  |

### 9. Physical and chemical properties

| Appearance |
|------------|
|------------|

| Physical state | Not available. |
|----------------|----------------|
| Form           | Not available. |
| Color          | Cyan           |

| Odor                                       | Not available.  |
|--|---|
| Odor threshold                             | Not available.  |
| рН   | 7.1 - 7.7   |
| Melting point/freezing point               | Not available.  |
| Initial boiling point and boiling range    | Not determined  |
| Flash point                                | > 230.0 °F (> 110.0 °C) Setaflash Closed Tester           |
| Evaporation rate                           | Not determined  |
| Flammability (solid, gas)                  | Not available.  |
| Upper/lower flammability or exp            | losive limits   |
| Flammability limit - lower<br>(%)          | Not determined  |
| Flammability limit - upper<br>(%)          | Not available.  |
| Explosive limit - lower (%)                | Not available.  |
| Explosive limit - upper (%)                | Not available.  |
| Vapor pressure                             | Not determined  |
| Vapor density                              | >= 1 (air = 1.0)  |
| Solubility(ies)                            |   |
| Solubility (water)                         | Soluble in water  |
| Partition coefficient<br>(n-octanol/water) | Not available.  |
| Auto-ignition temperature                  | Not available.  |
| Decomposition temperature                  | Not available.  |
| Viscosity                                  | 2 cp  |
| Other information                          | For other VOC regulatory data/information see Section 15. |
| Oxidizing properties                       | Not determined  |
| voc  | < 242 g/L   |

### 10. Stability and reactivity

| Reactivity                            | Not available.  |
|---------------------------------------|---|
| Chemical stability                    | Stable under recommended storage conditions.  |
| Possibility of hazardous<br>reactions | Will not occur.   |
| Conditions to avoid                   | Not available.  |
| Incompatible materials                | Incompatible with strong bases and oxidizing agents.  |
| Hazardous decomposition<br>products   | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons. |

# 11. Toxicological information

#### Information on likely routes of exposure

| Inhalation   | Under normal conditions of intended use, this material is not expected to be an inhalation hazard. |
|--|--|
| Skin contact   | Contact with skin may result in mild irritation.   |
| Eye contact  | Contact with eyes may result in mild irritation.   |
| Ingestion  | Health injuries are not known or expected under normal use.  |
| Symptoms related to the physical, chemical and toxicological characteristics | Not available.   |
| Information on toxicological effects   |  |

#### Acute toxicity

Based on available data, the classification criteria are not met.

| Components   | Species  | Test Results  |
|--|--|---|
| 2-pyrrolidone (CAS 616-45-5)                       |  |   |
| Acute  |  |   |
| Oral   |  |   |
| LD50   | Rat  | > 5000 mg/kg  |
| Skin corrosion/irritation                          | Based on available data, th  | e classification criteria are not met.  |
| Serious eye damage/eye<br>irritation               | Based on available data, the classification criteria are not met.<br>Not classified as an irritant according to, Rabbit Enucleated Eye Test. |   |
| Respiratory or skin sensitization                  | 1  |   |
| <b>Respiratory sensitization</b>                   | Based on available data, th  | e classification criteria are not met.  |
| Skin sensitization                                 | Based on available data, the classification criteria are not met.  |   |
| Germ cell mutagenicity                             | Based on available data, the classification criteria are not met.  |   |
| Carcinogenicity                                    | Based on available data, the classification criteria are not met.  |   |
| IARC Monographs. Overall I                         | Evaluation of Carcinogenic   | ity   |
| Not listed.  |  |   |
